### From Marilyn!!! An apology to her friend Gary Slette!!!!

**I** have been gone from Camas Prairie for close to a year now and it was a very hard transition to make. After Bill died I soon learned what was important. I learned that *stuff* doesn't bring you happiness. You soon learn, when you lose your husband, who is there

for you and who is not a real hard lesson to learn and live with. Sincere words and kindness soon become much more meaningful. You look at the world in a different light. You value your friends more and embrace the people who try to make you feel better.

I was appalled when I read in the *Beaver* that Mr. Gary Slette's tires had been slashed after the meeting. How impressive is this side of Camas County? Not very! As my father would have said: **That is Shameful.**

**I have known** Gary Slette for many years. I am proud to call him my friend, as did my father Tom Wokersien. He was a great source of information in the title business and my father valued his wisdom.

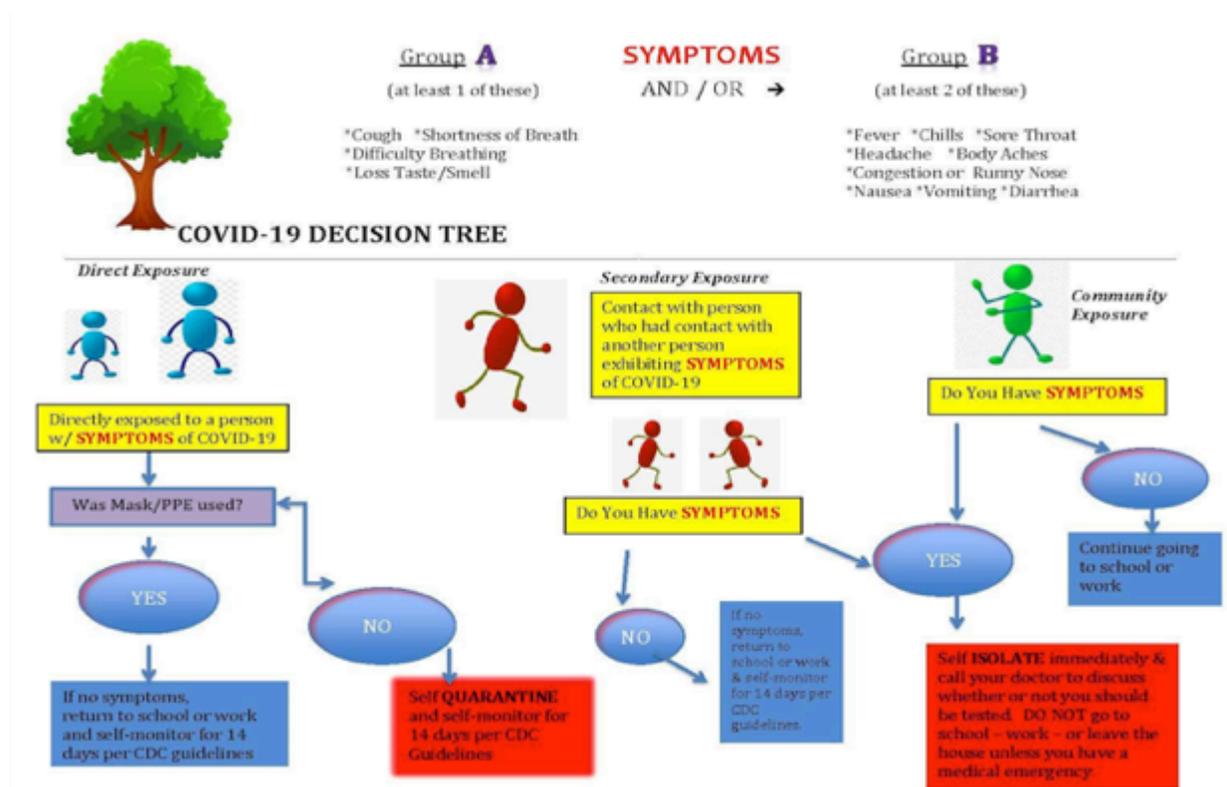

I sold him many things in the six years I worked for the Building Material Thrift Store and enjoyed seeing him on a regular basis.

Mr. Slette called me and offered money to finish up our Johnson Hill project and tell me how sorry he was about Bill's passing. When I thanked him and said we had met our goal for that project, he said he would help on the next phase. I know he will.

I know if I needed anything I could pick up the phone and he would be there to help.

As a lifelong Camas Prairie resident I want to personally apologize to Mr Slette. What a crying shame. No winners here. Maybe you who were involved in this need to think about preserving kindness and common decency. Just common decency. 🍷 – Marilyn Wokersien Dillard
